

# Supporting great learning every day

## What is SCARF and how does it support great learning every day?

There's now evidence that improving children's health and wellbeing can help them achieve more academically. Brought to you by Coram Life Education, SCARF supports this with an impactful, whole school approach to children's mental health and emotional and physical wellbeing, based on the core values of safety, caring, achievement, resilience and friendship.

### What does SCARF offer schools?

SCARF provides teachers with a set of tried and tested, easy-to-use and comprehensive Health and Wellbeing resources. Developed by teachers and updated regularly, they are interactive and fully aligned with the Curriculum for Excellence, and also align with GIRFEC.

Together with lesson plans, activities, teaching and learning films, and assessment and planning tools, these online and interactive resources equip teachers with the confidence to deliver the Health and Wellbeing curriculum, putting children at the centre of learning.

#### SCARF:

- helps keep children safe
- promotes children's resilience
- helps raise their achievement
- supports great teaching and learning

### What teachers say

"This is just what I have been looking for – we have struggled to find anything suitable until I saw this"

"What a treat to have such high quality, engaging resources at our fingertips"

"Takes the hard work out of planning. No trawling for or creating your own resources. Everything in one place!"

"I have been using the curriculum maps since last year and they have made my life so much easier. We had spent ages in our group trying to map this and then CLE miraculously provided what we had spent ages trying to do."
